

RECRUITMENT OF A GROUP LEADER AT INSTITUT COCHIN, Paris, France

Institut Cochin opens a position for an outstanding scientist wishing to establish his/her independent team.

[Institut Cochin](http://www.institutcochin.fr) is a leading French biological Research Center, affiliated to INSERM, CNRS and Université de Paris, located in the campus of Cochin Hospital. Its 40 independent research groups focus in basic as well as translational research domains, corresponding to the following scientific axes: Cancer, Cellular plasticity, Immunology, Metabolism and Microbiology.

We encourage applications from candidates with expertise in metabolism from molecular to cellular and integrated systems. Particular attention will be given to projects related, but not restricted, to mitochondria bioenergetics, metabolites as signaling molecules, as well as nutritional and hormonal inter-organ crosstalk.

This group will benefit from extensive support by, and strong interactions with, the state-of-the-art core facilities of Institut Cochin (www.institutcochin.fr/core_facilities). These facilities provide all the necessary skills and highly specialized equipment for cutting-edge research.

Appropriate laboratory space will be available to the selected group leader(s) and an initial support package will be provided. The candidates must meet criteria to compete for national and international research funding. Those who do not have a permanent position in France will have to apply to the ERC and/or ATIP/Avenir programs and/or to French institutional research/teaching positions (CNRS, INSERM, Université de Paris).

Applications should include in one document:

- CV (1-2 pages),
- list of publications, patent applications, invited conferences, clinical and/or teaching experience, awards and grants
- description (3-4 pages) of the research project

and be sent to u1016@inserm.fr.

Two letters of reference must be sent separately to the same address.

Deadline for applications: March 31, 2022.

Interviews of shortlisted candidates will be held in Paris in June 2022.
